About Verdana

At Verdana, we empower neurotypical and neurodivergent children to thrive through thoughtfully designed toys, sensory solutions, and developmental tools. Our curated lineup spans five core areas: Pretend Play & Learning Toys, Active & Sensory Play, Sensory Therapeutic Tools, Furniture & Room Pieces, and Merch & Resources.

Whether enriching a child's home routine or equipping professional therapy clinics, Verdana focuses on delivering quality, reliable products that make every day calmer, more focused, and more comfortable.

Mission

To revolutionize the rehabilitation industry by sourcing, distributing, and developing world-class products and technologies that support physical, occupational, and speech therapy, special education and psychology.

Vision

To be the premier provider of high-quality, innovative, and evidence-based rehabilitation products and solutions in the Philippines, empowering healthcare professionals and institutions to deliver exceptional patient care.

Values

The three shapes stand for our three values: Quality, Empathy, and Teamwork.

Quality

Foundation of the work. Evidence-based, outcome-led.

Empathy

The meeting place. We listen first.

Teamwork

Warmth at the core. Therapists, families, patients in concert.

Product Category

Furniture & Room Pieces

Therapy-room furniture, poufs, panels, and room pieces

Active & Sensory Play

Swings, crash pads, and balance and movement equipment for sensory integration

Merch & Resources

Apparel, car emblems, stickers, and educational books and manuals

Pretend Play & Learning Toys

Therapeutic toys, puzzles, and hands-on learning materials for play-based development.

Sensory Therapeutic Tools

Oral-motor, chew and feeding tools for sensory and speech therapy

Furniture & Room Pieces

THE LITTLE EXPLORER BUS

CLI-FUR-GEN-001

Size(cm): L120 x W55 x H60

Beep, beep! All aboard for big adventures.

Transform any playroom, classroom, or therapy clinic into an interactive world of imaginative play with The Little Explorer Bus. Crafted from smooth, durable wood with vibrant pops of color and cozy fabric canopies, this multi-piece play structure invites children to crawl in, take the wheel, and embark on endless journeys.

THE READING COTTAGE

CLI-FUR-GEN-002

Size(cm): L120 x W80 x H150

Step into The Reading Cottage, a thoughtfully designed two-in-one sanctuary where learning, play, and relaxation come together. Crafted for children, this modular structure provides the perfect environment to foster focus and creativity while offering a supportive space for sensory regulation. Combining two distinct environments, The Reading Cottage is more than just furniture—it's an intentional experience for a child's daily routine.

THE STORY NOOK

CLI-FUR-GEN-003

Size(cm): L150 x W75 x H180

The Story Nook turns any room into a cozy, mobile learning sanctuary. Crafted to support both neurotypical and neurodivergent kids, The Story Nook provides a reassuring semi-enclosed space that reduces surrounding visual distraction. Whether used as a collaborative reading station, a pretend-play cottage, or a soothing decompression nook, it seamlessly adapts to your room's needs.

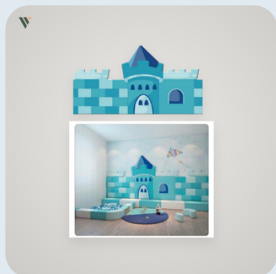

THE LITTLE FACES SOFTWALL PANELS

CLI-FUR-GEN-004

Size(cm): L100 x W100 x H5

Featuring a charming skyline design where each "building" displays a unique, friendly face expression (happy, sleepy, surprised, silly, and focused), these plush wall cushions bring warmth, safety, and personality to any room. Specially designed for sensory rooms, therapy clinics, playrooms, and classrooms, these padded panels cushion active play while serving as a valuable tool for social-emotional learning (SEL).

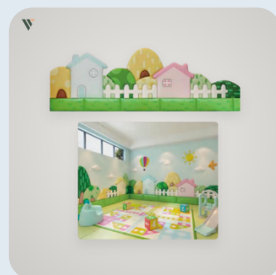

Furniture & Room Pieces

THE CASTLE KEEP SOFTWALL PANELS CLI-FUR-GEN-005

Size(cm): L100 x W100 x H5

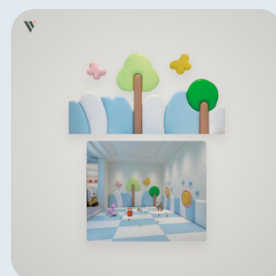

Turn hard walls into an enchanted kingdom with The Castle Keep Softwall Panels. Featuring a regal blue-and-teal palette complete with soft turrets, brick textures, and archways, these high-density foam padding panels instantly transform therapy rooms, play areas, or bedrooms into a safe, immersive sanctuary.

THE GARDEN COTTAGE SOFTWALL PANELS CLI-FUR-GEN-006

Size(cm): L100 x W100 x H5

The Garden Cottage Softwall Panels create a comforting visual horizon featuring pastel houses, picket fences, rolling green hills, and soft trees. Designed in soothing tones of blush pink, soft mint, sunny yellow, and sage green, this whimsical landscape invites children into a reassuring, homelike atmosphere.

THE WOODLAND SOFTWALL PANELS CLI-FUR-GEN-007

Size(cm): L100 x W100 x H5

Bring the tranquility of nature into your space with The Woodland Softwall Panels. Featuring soft blue rolling hills, leafy green trees, and floating pastel butterflies, this set creates a serene, open-sky backdrop that naturally encourages deep breaths and quiet focus. Designed with gentle, rounded shapes and soothing natural hues, it is ideal for sensory integration rooms, calm-down corners, and therapy spaces.

THE LITTLE FROG POUF CLI-FUR-GEN-008

Size(cm): L68x W72 x H70

Say hello to The Little Frog Pouf—a cozy, huggable seating companion designed to give kids a comforting spot to read, relax, or reset. With big friendly eyes, rosy cheeks, and supportive armrests, this plush bean-bag style chair provides gentle, conforming pressure that helps soothe restless bodies. Whether used during circle time at school, reading hours at home, or sensory decompression breaks in a clinic, this adorable frog offer little ones a sense of security and physical stability.

Furniture & Room Pieces

THE LITTLE ROBOT POUF

CLI-FUR-GEN-009

Size(cm): L65 x W52 x H75

The Little Robot Pouf brings a touch of retro sci-fi magic into any playroom or therapy space. This armchair-style pouf offers kids a defined, structured place to sit, read, or reset. Designed with supportive side cushions, it gives little ones a sense of physical containment—helping children who seek proprioceptive input feel grounded, secure, and ready to focus.

THE PETITE POUF

CLI-FUR-GEN-010

Size(cm): L90 x W90 x H110 (Cotton or Polyester)

Simple, cheerful, and endlessly adaptable, The Petite Pouf in sunny yellow is a staple piece for any child-friendly space. Its classic teardrop shape automatically contours to a child's body whether they are sitting upright to draw or sinking back to watch a favorite show. Children can easily haul their personal seat from the living room to their bedroom or reading nook—fostering independence and self-directed space setup.

THE WHALE CLOUD POUF

CLI-FUR-GEN-012

Size(cm): L100 x W50 x H80 (Small) | L125 x W70 x H120 (Large)

The Whale Cloud Pouf combines extra-soft, cloud-like materials with a adorable friendly whale design. Styled in vibrant yellow with soft fins, a raised tail, and a smooth pink underbelly, this floor lounge cushion doubles as a giant plush pal and a comforting sensory seat. Children can straddle the whale, lean against its curved back, or rest their head on its plush surface, making it an ideal tool for relaxation, floor play, and self-soothing in low-stimulation areas.

THE MEADOW BUNNY POUF

CLI-FUR-GEN-014

Size(cm): L45x W63 x H65 (Small) | L55x W80 x H85 (Large)

Hop into relaxation with giant bunny ears! Soft, sweet, and wonderfully soothing, The Meadow Bunny Pouf is the ultimate high-back lounge seat for kids needing a quiet retreat. Featuring oversized, floppy plush ears that double as a fun tactile element or a playful hideaway game, this soft-pink pouf moulds around the body to offer gentle, calming pressure.

Furniture & Room Pieces

THE SUNNY BANANA POUF

CLI-FUR-GEN-016

Size(cm): L100 x W55 x H60

Rock, balance, and relax on a giant banana! Playful seating gets a fresh twist with The Sunny Banana Pouf! Shaped like a bright crescent banana, this multi-functional seat offers unique play and sensory benefits. Kids can sit across it like a bench, straddle it like a saddle, or rock gently back and forth on its curved base to engage their vestibular system.

THE STORYBOOK EXPRESS

CLI-FUR-GEN-017

Size(cm): L221 x W32 x H60

The Storybook Express transforms book storage into an interactive play experience. Designed in a charming wooden train design, this multi-car unit features front-facing book displays, open storage bins, and integrated flat seating surfaces that double as benches for little readers. Crafted with accessible, low-to-the-ground shelving, it empowers children to independently select, read, and put away their favorite books and sensory toys.

ALPACA SOFA

OT-SEN-INT-014

Size(cm): L50 x W50 x H110

A cozy, plush companion built for hugs, seating, and balance play. Part giant stuffed animal, part functional lounge seat, The Alpaca Sofa brings cozy comfort and whimsical joy to any child-centered space. Wrapped in ultra-soft, textured sherpa fleece with a soft lime-green body and cream accents, this standing alpaca seat is designed to invite gentle tactile input and soothing cuddles.

THE LITTLE SHORES SAND & WATER TABLE

OT-SEN-INT-016

Size(cm): L56x W60 x H43 (Small) | L120x W60 x H58 (Large)

Endless tactile exploration meets sleek, multi-functional design. Discover the ultimate 2-in-1 sensory workstation with The Little Shores Table. Featuring a removable wooden tabletop, this table transitions seamlessly from a smooth activity surface for drawing and snack time into a deep, vibrant blue sensory basin for water, sand, kinetic dough, or rice play.

Furniture & Room Pieces

AURORA LIGHT TABLE

OT-SEN-INT-019

Size(cm): L50 x W50 x H5

The Aurora Light Table brings a captivating, low-glare illuminated surface to early learning and therapy environments. Its sleek round design allows multiple children to gather around naturally, making it ideal for collaborative sensory tasks, letter/number sorting, color mixing, and tracing activities. This light table enhances contrast and visual tracking—helping children improve visual perception, hand-eye coordination, and calm focus without overstimulating sensitivity.

THE HORIZON LIGHT TABLE

OT-SEN-INT-020

Size(cm): L221 x W32 x H60

Expand your sensory play horizons with The Horizon Light Table. Featuring a generous rectangular illuminated surface, this light panel gives children ample room to lay out translucent math manipulatives, color chips, tracing sheets, and natural sensory elements side-by-side. Designed to make abstract concepts visual and concrete, the bright backdrop turns sorting, counting, and pattern-making into a high-engagement visual experience.

THE PETIT CHEF KITCHEN

OT-TOY-THP-030

Size(cm): L100 x W30 x H110

Step into The Petit Chef Kitchen, a vibrant wooden play kitchen designed to spark creative roleplay and hands-on discovery. This play set introduces children to daily kitchen routines and early eco-conscious habits like recycling! Pretend kitchen play helps children develop fine motor skills through turning knobs and opening doors, while building sequencing skills, vocabulary, and cooperative social play during group cooking adventures.

THE HEIRLOOM DOLLHOUSE

OT-TOY-THP-031

Size(cm): L58.5x W30 x H75

The Heirloom Dollhouse is a beautifully crafted two-story wooden home designed to foster creativity, social roleplay, and emotional processing. Featuring swing-open front doors, a soft pink gabled roof, internal staircases, and complete miniature furniture sets, this dollhouse gives children a safe, structured world to act out real-life scenarios.

Furniture & Room Pieces

THE LITTLE GOURMET KITCHEN OT-TOY-THP-032

Size(cm): L105 x W30 x H102.5

The Little Gourmet Kitchen offers a full-service pretend play station complete with a dual-door refrigerator, oven, washing machine, cooktop, sink, overhead cabinets, and built-in clock! Styled in crisp white, sleek metallic grey, and soft pastel accents, this comprehensive kitchen set inspires hours of cooperative storytelling and life-skill practice.

THE SUN BOUNCE TRAMPOLINE PT-EQP-BAL-001

Size(cm): L150x W150 x H60

Featuring a cheerful yellow smiley-face mat and a thick safety skirt, this mini indoor trampoline delivers high-impact vestibular and proprioceptive input in a compact, child-safe design. Jumping is one of the most effective ways for children to regulate sensory overload, release excess energy, and improve balance and posture control. Ideal for home break corners, classrooms, and OT gyms where quick sensory movement breaks are needed.

THE SUMMIT CLIMBING TRIANGLE PT-EQP-BAL-002

Size(cm): L120 x W68 x H65

The Summit Climbing Triangle is a fundamental motor-development tool engineered for climbing, balance, and spatial navigation. Complete with a double-sided reversible ramp—featuring rock climbing holds on one side and a smooth slide on the other—this setup adapts instantly to your child's skill level. Climbing up the rungs and navigating over the top summit helps young toddlers and kids build agility, spatial awareness, and core balance while gaining confidence in their physical capabilities.

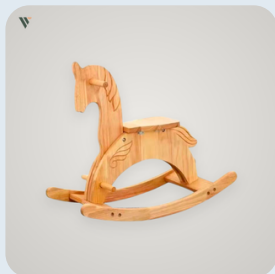

THE LITTLE ADVENTURER GYM PT-EQP-BAL-003

Size(cm): L119x W110 x H124

Designed as a sturdy, multi-sided wooden climbing frame, this playset features a wooden ladder, rope climbing net, smooth slide ramp, and top monkey bars. Perfect for high-energy sensory seekers, this indoor gym offers essential proprioceptive and gross motor opportunities—helping kids burn off energy, strengthen muscle tone, and develop risk-assessment skills rain or shine.

Furniture & Room Pieces

THE HEIRLOOM ROCKING HORSE

PT-EQP-BAL-004

Size(cm): L84.5 x W30 x H56.5

A cherished classic reimagined for sensory development, The Heirloom Rocking Horse combines nostalgic wooden beauty with purposeful movement. Featuring an ergonomic seat, smooth holding pegs, and carved wing accents, this solid wood rocker provides gentle back-and-forth motion that engages the vestibular system. Rhythmic rocking helps soothe overstimulated nervous systems while building core muscle strength and spatial awareness.

THE FIRST STEPS WALKWAY

PT-EQP-MOB-002

Size(cm): L160 x W46 x H46

The First Steps Walkway provides a secure, structured physical therapy environment for young learners developing gait control, balance, and leg strength. Featuring sturdy double-tiered handrails anchored to a wide, non-slip wooden base, this parallel bar system gives children the physical support and reassurance they need as they practice early walking milestones.

THE WISHING TREE BOARD

SP-MAT-LRN-001

Size(cm): L118 x W118 x H10

The Wishing Tree Board transforms wall space into an engaging, multi-sensory display station. These wall boards provide a soft pin-board surface for photos, milestone cards, art pieces, and daily visual schedules. Perfect for sensory rooms, preschool classrooms, or calm-down nooks, these felt tree boards create a warm, natural environment while offering a tactile visual schedule tool that aids children with routine transitions and emotional expression.

THE STORYTELLER'S THEATRE

ST-TOY-COM-001

Size(cm): L84x W30 x H135

The Storyteller's Theatre is an interactive stage designed to give children a voice through drama and creative play. Performing behind a stage helps hesitant or anxious children build confidence, practice public speaking, and explore complex feelings safely behind a playful barrier—making it a favorite tool for speech therapy and social skill groups.

Active & Sensory Play

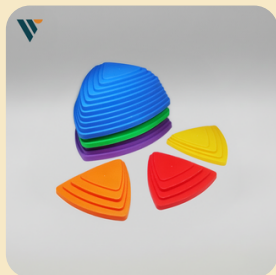

TATAMI TOTS FLOOR MAT

CLI-FUR-GEN-018

Size(cm): L100x W100 x H2

The Tatami Tots Floor Mat provides the ultimate safe foundation for high-energy playrooms, therapy clinics, and active sensory zones. Inspired by classic tatami texture, these thick, interlocking foam tiles feature a tactile cross-hatch surface pattern that offers extra grip for bare feet and hands while encouraging grounding sensory feedback.

BALANCE RIVER STONES

OT-SEN-INT-003

Size(cm): L41.5 x W41.5 x H31

Designed to build balance, coordination, and motor planning, the Balance River Stones encourage active movement and playful obstacle courses. Their varied sizes and heights promote stepping, jumping, and stability training, making them ideal for therapy, classrooms, and sensory play spaces.

CUDDLE SWING

OT-SEN-INT-007

Size(cm): L220 x W130 x H20

Designed to provide calming, cocoon-like support, the Cuddle Swing offers gentle vestibular input for relaxation, sensory regulation, and body awareness. Its soft, supportive fabric creates a secure and comforting space, making it ideal for therapy, sensory rooms, and quiet time activities.

ROLLER SWING

OT-SEN-INT-008

Size(cm): L165x W25 x H20

Constructed from durable plywood, supportive foam, and PU leather, the Roller Swing provides smooth swinging and rolling motion for vestibular stimulation, balance training, and core strengthening. Its cylindrical design supports controlled movement, making it ideal for therapy and sensory integration activities.

Active & Sensory Play

SKY BAR SWING

OT-SEN-INT-009

Size(cm): L120 x W20 x H150

Made from durable plywood, supportive foam, and PU leather, the Sky Bar provides stable and comfortable swinging for balance, coordination, and sensory integration activities. Its slim, secure platform is ideal for therapy use and active play, supporting core strength and controlled movement.

BREEZE LOG SWING

OT-SEN-INT-010

Size(cm): L110 x W20 x H20

Made with environmentally friendly high-density sponge and eco-friendly PU leather, the Breeze Log Swing provides comfortable, supportive seating for swinging, balance, and sensory integration activities. Its cylindrical design promotes core strength, coordination, and postural control, making it ideal for therapy and active play.

GLIDER SWING

OT-SEN-INT-011

Size(cm): L120 x W65 x H10

Made with environmentally friendly high-density sponge and eco-friendly PU leather, the Glider Swing offers comfortable, safe, and supportive movement for balance, coordination, and sensory integration activities. Its stable platform and secure hand grips make it ideal for therapy and active play.

TUNNEL ROLL SWING

OT-SEN-INT-012

Size(cm): L100x W50 x H50

Made with environmentally friendly high-density sponge and eco-friendly PU leather, the Tunnel Roll Swing combines swinging and crawling for dynamic sensory and motor play. Its tunnel-style design promotes balance, coordination, core strength, and body awareness, making it ideal for therapy and active movement activities.

Active & Sensory Play

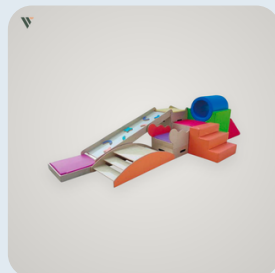

COZY CRASH PAD

OT-SEN-INT-013

Size(cm): L200 x W150 x H20

The Cozy Crash Pad provides a safe and cushioned landing surface for active play and therapy. Made with high-density foam and a durable, easy-to-clean cover, they help absorb impact, support sensory regulation, and encourage active movement. Perfect for clinics, schools, or home use, these pads promote confidence and safety during jumping, tumbling, and crash play.

THE LITTLE MOVERS SOFT-PLAY SET

OT-SEN-INT-015

Size(cm): L480 x W140 x H110

The Little Movers Soft-Play Set is an expansive, modular indoor play structure engineered to build confidence, balance, and gross motor skills. Combining smooth wooden ramps, arched steps, climbing holds, and soft vinyl foam blocks, this multi-activity set invites children to crawl through tunnels, scale mini inclines, and slide down safely. Perfect for pediatric therapy clinics, early childhood classrooms, and home sensory rooms, it offers rich proprioceptive and vestibular feedback.

THE RIPPLE TILES

OT-SEN-INT-018

Size(cm): L30 x W30 x H2

Transform any floor into an interactive liquid light show with The Ripple Tiles. Filled with bright, non-toxic cosmetic liquid, these durable sensory floor tiles respond instantly to weight and pressure—swirling and shifting into mesmerizing patterns with every step, jump, or press. Ideal for encouraging movement, balance practice, and cause-and-effect learning, these tiles provide a calming visual stimulus that helps children regulate their nervous systems.

SHIMMER CANVAS

OT-SEN-INT-021

Size(cm): L70 x W100 x H5

The Shimmer Canvas turns sensory tactile feedback into a mesmerizing art experience. Framed in natural wood, this large-scale sequin board features double-sided reversible sequins that change color with a gentle swipe of a finger or hand. Perfect for quiet sensory corners and therapy environments, children can trace letters, numbers, shapes, or draw freehand patterns across the shimmering surface.

Merch & Resources

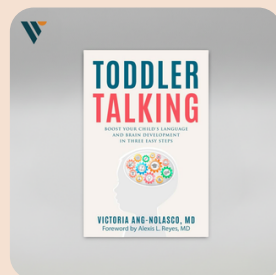

AM I SPOILING MY CHILD

EDU-MAT-BOK-001

Size(cm): L23 x W15 x H3

The book explains why children misbehave, introduces a simple holistic discipline approach, and offers science-backed strategies for common challenges like tantrums, aggression, and not listening, while also providing clear guidance on modern parenting issues and when to seek professional help.

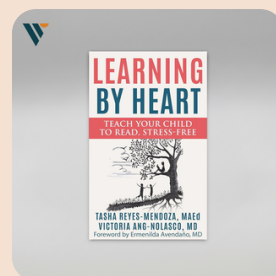

TODDLER TALKING

EDU-MAT-BOK-002

Size(cm): L23 x W15 x H3

This book is a practical, science-based guide for parents of babies and toddlers under three, offering simple, everyday strategies to support language and brain development. It helps parents track milestones, avoid common misconceptions, understand the impact of screen time, and follow a clear step-by-step plan if speech delay is a concern.

LEARNING BY HEART

EDU-MAT-BOK-003

Size(cm): L23 x W15 x H3

Learning by Heart reassures parents that teaching their child to read doesn't have to be stressful. It presents a joyful, pressure-free, and effective approach using science-backed strategies, simple tips, and fun activities to make reading a natural and enjoyable part of everyday life.

I AM A HERO

EDU-MAT-BOK-004

Size(cm): L23 x W15 x H3

It's designed to help kids reflect on themselves through the framework of the Hero's Journey, encouraging self-awareness, confidence, resilience, and emotional growth through guided prompts and creative activities.

Pretend Play & Learning Toys

POPPY THE PRECISION BALL CLIP

OT-EQP-FIN-001

Size(cm): L23 x W22 x H6

Designed to build fine motor skills, hand-eye coordination, and finger strength, Poppy the Precision Ball Clip encourages precise grasping, transferring, and placement of small balls. The included tools and pattern cards support controlled movements, bilateral coordination, and visual-motor integration, making it ideal for therapy, classrooms, and home learning.

TACTO PEGS PLAY SET

OT-EQP-FIN-002

Size(cm): L25 x W25 x H5

Designed to develop fine motor skills, hand-eye coordination, and visual-motor integration, the TactoPegs Play Set encourages children to sort, stack, and insert colorful pegs into the board. This hands-on activity strengthens finger control, grasping, and planning skills while supporting early learning through playful construction and pattern building.

TICK-TOCK CLOCK TOY

OT-EQP-FIN-006

Size(cm): L31 x W7.5 x H22

Tick-Tock Clock Toy is a hands-on learning clock with blocks and dials that teaches time, numbers, and daily routines while building early math and fine motor skills.

MINI MAESTROS

OT-SEN-INT-006

Size(cm): L6.17 x W2.75 x H3.67

Awaken creativity and rhythm with Mini Maestros, a complete set of child-friendly percussion instruments designed to inspire sensory play, auditory exploration, and motor coordination. Crafted from safe, durable materials, each instrument invites children to explore sound, rhythm, and teamwork—making it a perfect tool for therapy, classrooms, or family playtime.

Pretend Play & Learning Toys

ALPHA & ME LETTER BOARD

OT-TOY-THP-001

Size(cm): L30 x W22 x H2

Designed to make learning the alphabet fun and interactive, the Alpha & Me Letter Board helps children build letter recognition, fine motor skills, and hand-eye coordination. The chunky letters with lacing holes allow kids to thread the included lace, promoting bilateral coordination, finger strength, and early literacy through hands-on play —ideal for home, classroom, and therapy use.

ABC EXPLORERS

OT-TOY-THP-002

Size(cm): L30 x W30 x H2

Designed to build early literacy and fine motor skills, ABC Explorers helps children learn letter recognition, matching, and basic word associations through hands-on play. The chunky, easy-to-grip letters encourage sorting, spelling, and problem-solving, making it ideal for home, classroom, and therapy-based learning activities.

THINKSHAPES DISCOVERY PUZZLE

OT-TOY-THP-003

Size(cm): L13.5 x W13.5 x H13.5

Designed to build problem-solving, shape recognition, and fine motor skills, the ThinkShapes Discovery Puzzle challenges children to match and fit different shapes into the correct openings. This hands-on activity strengthens hand-eye coordination, spatial awareness, and logical thinking, making it ideal for early learning, therapy, and home play.

FORM & FIT PUZZLE - BASIC SHAPES

OT-TOY-THP-004

Size(cm): L30 x W22.5 x H2

Designed to support early learning and fine motor development, the Form & Fit Puzzle – Basic helps children recognize shapes while building hand-eye coordination and problem-solving skills. The chunky, easy-to-grip pieces encourage matching, sorting, and spatial awareness, making it ideal for home, classroom, and therapy use.

Pretend Play & Learning Toys

FORM & FIT PUZZLE - ADVANCED SHAPES OT-TOY-THP-005

Size(cm): L30 x W22.5 x H2

Designed to challenge visual discrimination and problem-solving skills, the Form & Fit Puzzle – Advanced features more complex shapes and patterns that encourage careful matching and spatial reasoning. This hands-on puzzle builds fine motor control, attention, and cognitive flexibility, making it ideal for therapy, classrooms, and advanced early learning activities.

NUMBER MATCHIES BOARD OT-TOY-THP-006

Size(cm): L30 x W30 x H1.6

Designed to support early numeracy and problem-solving skills, the Number Matchies Board helps children learn number recognition, counting, and basic math symbols through hands-on matching and play. The chunky, easy-to-grip pieces promote fine motor skills and visual-motor coordination, making it ideal for home, classroom, and therapy use.

LITTLE APPLE MATCHERS OT-TOY-THP-007

Size(cm): L15 x W15 x H16

Designed to build early matching, sorting, and fine motor skills, Little Apple Matchers lets children open the apples and pair them by shape. This hands-on activity supports hand-eye coordination, problem-solving, and early cognitive development through fun, playful exploration—ideal for home, classroom, and therapy use.

MATCHING EGGS OT-TOY-THP-008

Size(cm): L30x W10 x H7

Matching Eggs is a fun shape and number matching toy that helps children develop color recognition, problem-solving, and fine motor skills by opening, matching, and sorting each egg.

Pretend Play & Learning Toys

BENNY THE HUNGRY BEAR

OT-TOY-THP-009

Size(cm): L13.5 x W17.5 x H5.5

Designed to build fine motor skills and play-based learning, Benny the Hungry Bear lets children “feed” Benny using the included spoon and food pieces, promoting hand-eye coordination, grasping, and pretend play. This engaging activity also supports sequencing, attention, and early life skills, making it ideal for therapy, classrooms, and home play.

LITTLE DENTIST

OT-TOY-THP-010

Size(cm): L30 x W25 x H3

Designed to teach healthy oral care habits through play, Little Dentist lets children explore brushing, cleaning, and caring for teeth in a fun, non-threatening way. This interactive activity supports role-play, fine motor skills, and understanding of dental routines, making it ideal for therapy, classrooms, and home learning.

FINGER FRIENDS - WILD WONDERS

OT-TOY-THP-011

Size(cm): L7.6 x W5 x H10

Designed to encourage imaginative play and early language development, Finger Friends: Wild Wonders features soft animal finger puppets that bring storytelling and role-play to life. These playful characters help build communication skills, creativity, and social interaction while also supporting fine motor control through finger play—ideal for therapy, classrooms, and home use.

TALKACARDS AUDIO SET

OT-TOY-THP-012

Size(cm): L18 x W9.5 x H4

Designed to support early language development, the TalkaCards Audio Set combines visual cards with audio feedback to help build vocabulary, comprehension, and speech skills. Its interactive format makes learning engaging while reinforcing word recognition, listening, and expressive language—ideal for therapy, classrooms, and home learning.

Pretend Play & Learning Toys

BUILD & BALANCE WOODEN BLOCKS **OT-TOY-THP-013**

Size(cm): L24 x W19 x H16.5

Build & Balance Wooden Blocks is a classic construction set that helps children develop creativity, balance, and problem-solving skills by stacking and building different structures using natural wooden blocks.

TANGRAM TALES PUZZLE SET **OT-TOY-THP-014**

Size(cm): L16.6 x W1 x H20.6

The Tangram Puzzle challenges children to recreate shapes and pictures using colorful geometric pieces, building spatial reasoning, problem-solving, and creativity. Comes in blue or pink versions.

SHAPE STACKING MATCHING BOARD **OT-TOY-THP-016**

Size(cm): L22 x W18 x H4.8

Designed to build fine motor skills, shape recognition, and problem-solving, the Shape Stacking Matching Board challenges children to stack and match shapes onto the correct pegs using visual guides. This hands-on activity supports hand-eye coordination, sequencing, and early cognitive skills, making it ideal for therapy, classrooms, and home learning.

POCKET PUZZLE - BASIC **OT-TOY-THP-017**

Size(cm): L19 x W19 x H4

The Pocket Puzzle – Basic set includes simple, fewer, colorful puzzles designed to build early matching, shape recognition, and fine motor skills in a compact, travel-friendly size.

Pretend Play & Learning Toys

POCKET PUZZLE – ADVANCED OT-TOY-THP-018

Size(cm): L13.3 x W12.5 x H4.3

The Pocket Puzzle – Advanced set features compact, themed puzzles that build problem-solving, visual matching, and fine motor skills in a fun, travel-friendly format.

BIG BRAIN BUILDER PUZZLE OT-TOY-THP-019

Size(cm): L16 x W10 x H7

The Big Brain Builder Puzzle helps develop problem-solving and fine motor skills through colorful animal puzzles. Each set is color-coded and numbered at the back, allowing children to count pieces, match by color, and self-check their work.

3D PUZZLE SETS OT-TOY-THP-020

Size(cm): L22.2 x W17.8 x H2.2

The 3D Puzzle Sets feature colorful, layered puzzles that build visual-spatial skills, fine motor control, and problem-solving through fun, themed designs.

NUMBYSTICKS OT-TOY-THP-021

Size(cm): L13 x W8.5 x H4

Numbysticks is a hands-on math learning set with counting sticks and number tiles that helps children practice counting, basic operations, and number concepts through playful, interactive activities.

Pretend Play & Learning Toys

CASH REGISTER TOY

OT-TOY-THP-022

Size(cm): L38 x W17 x H23

Designed to encourage pretend play and early math skills, the Cash Register Toy lets children role-play shopping, counting, and paying using buttons, scanner, and play money. This interactive set builds number recognition, social skills, and hand-eye coordination, making it ideal for imaginative play at home, in classrooms, or in therapy settings.

FIND THE SHADOW MATCHED IMAGES

OT-TOY-THP-023

Size(cm): L23.3 x W21.4 x H4.5

Designed to build visual perception, attention, and problem-solving skills, Find the Shadow Matched Images challenges children to match objects with their correct silhouettes. This engaging activity strengthens visual discrimination, cognitive skills, and focus, making it ideal for therapy, classrooms, and home learning.

THE LITTLE BUILDERS SOFT BLOCKS

OT-TOY-THP-029

Size(cm): L30 x W9 x H23

Soft to hold, satisfying to squish, and endlessly stackable, this all-in-one set brings together embossed building blocks and textured sensory balls in one beautiful, muted palette. Each piece is moulded from smooth, food-grade silicone that's light, bendable, and perfectly sized for little hands — so babies and toddlers can grasp, mouth, stack, and topple to their heart's content.

THE LITTLE FARMSTEAD TRAIN

OT-TOY-THP-033

Size(cm): L27.5 x W14.5 x H15

All aboard for counting fun! The Little Farmstead Train pairs numbered cars with cuddly animal friends — a hands-on way to learn counting, colours and cause-and-effect through play. Complete with key for fine motor practice. Recommended for ages 12 months and up.

Pretend Play & Learning Toys

THE MAGNETIC MAKER BOOK

OT-TOY-THP-034

Size(cm): L26.5 x W19 x H4

Snap, build, imagine. The Magnetic Maker Book turns shapes into endless creations — building focus, fine-motor control and creative problem-solving, all tucked into one tidy, portable book.

PECK & CATCH FINE MOTOR SET

OT-TOY-THP-035

Size(cm): L8 x W8 x H20

Introduce your child to the joys of nature-inspired learning with the Peck & Catch Fine Motor Set. Designed to engage young minds and tiny hands, this captivating toy transforms playtime into an essential skill-building session. Perfect for toddlers and preschoolers, this set is a must-have addition to any educational toy collection.

BOTANICA WOODEN BALANCE TREE

OT-TOY-THP-036

Size(cm): L15 x W4 x H5

Bring the beauty of nature into early learning with the Botanica Wooden Balance Tree. Designed to challenge and delight young minds, this hands-on STEM toy invites children to carefully build out their very own leafy tree. As kids stack, slot, and balance each piece, they naturally develop essential cognitive and physical skills through tactile, open-ended play.

THE LITTLE EXPRESSIONS SET

SP-TOY-EDU-001

Size(cm): L26.5 x W22.5 x H3.5

Helping little ones name their big feelings. The Little Expressions Set turns emotions into something children can see, sort and understand — a gentle first step toward emotional confidence.

Pretend Play & Learning Toys

BUSY BOOK - YEAH LEARNING MATHS ST-MAT-LAN-001

Size(cm): L21.5 x W14.5 x H1.5

Busy Book – Math is an interactive activity book that helps children learn numbers, counting, and simple math concepts through hands-on, reusable activities that build early numeracy and fine motor skills.

BUSY BOOK - HELLO ALPHABET ST-MAT-LAN-002

Size(cm): L21.5 x W14.5 x H1.5

Busy Book – Alphabet is an interactive activity book that helps children learn letters, sounds, and early word recognition through hands-on, reusable activities that build pre-reading and fine motor skills.

THE TALKING STORY PEN ST-MAT-LAN-003

Size(cm): L37.5 x W24 x H23.5

Touch the page and hear the story. The English-Zone Talking Story Pen brings books to life with sound — a full set of books, a picture dictionary, the smart pen and recordable stickers to build vocabulary, listening and a love of reading.

THE SOFTPAGE STORYBOOK ST-TOY-COM-002

Size(cm): L23 x W20 x H1

A soft felt quiet book that turns reading into hands-on play. Buttons to fasten, laces to thread and characters to move — each page quietly builds fine motor, language and focus while your child plays.

Sensory Therapeutic Tools

TACTOEASE SENSORY BRUSHES

OT-SEN-INT-001

Size(cm): L12 x W8 x H4.5

Made from BPA-free, food-grade silicone, the TactoEase Sensory Brushes provide gentle tactile stimulation to support sensory regulation, desensitization, and body awareness. Their soft, flexible bristles offer calming sensory input, making them ideal for therapy, home, or daily sensory routines.

AURORA TAG CHEWS

ST-EQP-ORA-001

Size(cm): L5 x W3 x H1.5

Designed for children and individuals who benefit from oral sensory input to support focus, regulation, and calm. Made from soft, food-grade, BPA-free silicone and paired with a breakaway safety cord, this chewelry tag provides a safe alternative to chewing on shirts, pencils, nails, or other non-food items. Subtle, comfortable, and durable for everyday use.

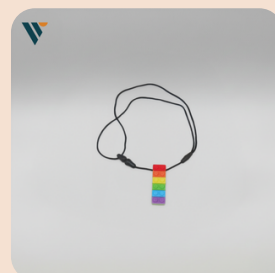

BUTTERFLY CALM CHEWS

ST-EQP-ORA-003

Size(cm): L5 x W1.2 x H2

Designed for children and individuals who benefit from oral sensory input to support focus, emotional regulation, and calming. Made from food-grade, BPA-free silicone with a breakaway safety cord, these chewelry pendants provide a safe and soothing alternative to chewing on clothes, nails, or non-safe objects.

PRISM BRICK CHEW PENDANT

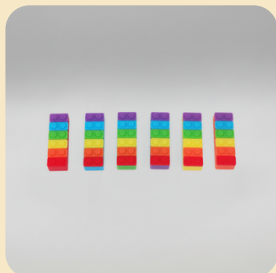

ST-EQP-ORA-004

Size(cm): L6.5 x W2 x H3

Designed to provide a safe and soothing oral sensory outlet, the Prism Brick Chew Pendant supports children who chew for focus, calming, or self-regulation. Its textured tactile surface offers gentle sensory feedback to help improve attention and reduce stress.

Sensory Therapeutic Tools

PRISM BRICK PENCIL CHEW TOPPERS

ST-EQP-ORA-005

Size(cm): L6.5 x W2 x H1.5

Designed for children who chew for focus, self-regulation, or calming. Instead of chewing on pencils, clothing, or fingers, these toppers provide a safe and soothing oral sensory outlet during schoolwork and daily activities.

AEROGRIP CHEW SLEEVES

ST-EQP-ORA-006

Size(cm): L6.5 x W2.3 x H2.3

Provides a safe, discreet, and soothing oral sensory outlet for children who chew to focus or self-regulate. Designed to slide securely over most standard pencils, these sleeves help protect teeth and prevent chewing on pencils, clothing, or fingers.

FLEXI-T CHEW TOOLS

ST-EQP-ORA-007

Size(cm): L8 x W6 x H2

Made from BPA-free, food-grade silicone, the Flexi-T Chew Tools provide safe oral sensory input for chewing, jaw strengthening, and self-regulation. Their easy-to-grip T-shape and flexible, durable design make them ideal for oral-motor therapy and sensory support.

HEXARING CHEW KEYS

ST-EQP-ORA-008

Size(cm): L12 x W6 x H2

Durable, child-safe sensory chew tools designed to provide calming oral input for focus and self-regulation. Made from food-grade, BPA-free silicone, they offer varied textures and an easy-grip key shape ideal for home, school, or therapy use. A safe alternative to chewing on clothes or non-food objects, they support sensory needs in a discreet, portable way.

Sensory Therapeutic Tools

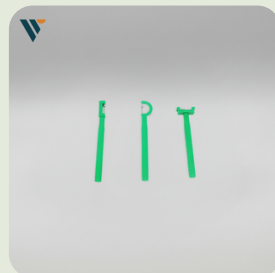

CRIMSON SENSORY BARS

ST-EQP-ORA-009

Size(cm): L12.5 x W2 x H2

A 7-piece oral exercise set designed to support chewing strength, jaw stability, and tongue muscle coordination. These durable bite blocks help improve controlled biting, graded jaw opening, and tongue tip movement for speech and feeding therapy. Suitable for adults and older children, the tools can be used by therapists or at home to promote safer oral motor practice, increased endurance, and better oral awareness. Made from easy-to-clean, non-toxic materials for hygienic and repeated use.

PRECISION TONGUE TRAINER

ST-EQP-ORA-010

Size(cm): L15 x W2 x H3

Designed to improve tongue strength, coordination, and control, the Precision Tongue Trainer supports oral-motor development for speech and feeding therapy. Its guided shapes provide targeted sensory feedback to promote accurate tongue placement, clearer articulation, and better swallowing patterns.

VELURA TEXTURED SPOON

ST-EQP-ORA-011

Size(cm): L16.5 x W3 x H3

Thoughtfully designed to support early feeding skills, oral motor development, and sensory desensitization. The gentle textured surface on the spoon provides controlled tactile input to the lips, gums, and tongue—helping children explore new tastes and sensations with comfort and confidence.

STARTER ORAL-SENSORY KIT

ST-EQP-ORA-012

Size(cm): L17 x W9.5 x H10

Starter Oral-Sensory Kit is a compact set designed to support oral sensory needs, featuring one piece each of the Prism Brick Pencil Grip, Aurora Tag Chew, and Crimson Sensory Bar for chewing, gripping, and sensory regulation.

Sensory Therapeutic Tools

SCHOOL AND HOMEWORK CHEW PACK ST-EQP-ORA-013

Size(cm): L17 x W9.5 x H10

School and Homework Chew Pack is a practical set designed to support focus and sensory regulation during schoolwork, featuring one Butterfly Calm Chew and three Prism Brick Pencil Grips for chewing, gripping, and improved concentration.

CLINIC ASSESSMENT PACK A ST-EQP-ORA-014

Size(cm): L17 x W9.5 x H10

Clinic Assessment Pack A is a focused therapy set designed for oral-motor and sensory assessment, featuring one set of Crimson Sensory Bars, one set of Precision Tongue Trainer, and one Butterfly Calm Chew for evaluation, training, and sensory support.

CLINIC ASSESSMENT PACK B ST-EQP-ORA-015

Size(cm): L17 x W9.5 x H10

Clinic Assessment Pack B is a focused therapy set designed for oral-motor and sensory assessment, featuring one set of Crimson Sensory Bars, one set of Precision Tongue Trainer, and one Aurora Tag Chew for evaluation, training, and sensory support.

INTENSIVE ORAL MOTOR DEVELOPMENT KIT ST-EQP-ORA-016

Size(cm): L17 x W9.5 x H10

Intensive Oral Motor Development Kit is a focused therapy set designed to build oral-motor strength and coordination, featuring one set of Crimson Sensory Bars, one set of Precision Tongue Trainer, and one Velura Textured Spoon for targeted oral-motor training and feeding support.

Sensory Therapeutic Tools

PRESCHOOL SENSORY MEALTIME SET A ST-EQP-ORA-017

Size(cm): L17 x W9.5 x H10

Preschool Sensory Mealtime Set A is a practical set designed to support sensory-friendly feeding and oral-motor development, featuring one Velura Textured Spoon, one Butterfly Calm Chew, and one set of Crimson Sensory Bars for mealtime practice and sensory regulation.

PRESCHOOL SENSORY MEALTIME SET B ST-EQP-ORA-018

Size(cm): L17 x W9.5 x H10

Preschool Sensory Mealtime Set B is a practical set designed to support sensory-friendly feeding and oral-motor development, featuring one Velura Textured Spoon, one Aurora Tag Chew, and one set of Crimson Sensory Bars for mealtime practice and sensory regulation.

ALL-IN-ONE ORAL SENSORY MEGA KIT A ST-EQP-ORA-019

Size(cm): L17 x W9.5 x H10

All-in-One Oral Sensory Mega Kit A is a comprehensive therapy set designed to support oral sensory regulation and oral-motor development, featuring one Aurora Tag Chew, one Prism Brick Pencil Chew Topper, one set of Crimson Sensory Bars, one Velura Textured Spoon, and one set of Precision Tongue Tip Trainer for a complete range of sensory and training activities.

ALL-IN-ONE ORAL SENSORY MEGA KIT B ST-EQP-ORA-020

Size(cm): L17 x W9.5 x H10

All-in-One Oral Sensory Mega Kit B is a comprehensive therapy set designed to support oral sensory regulation and oral-motor development, featuring one Butterfly Calm Chew, one Prism Brick Pencil Chew Topper, one set of Crimson Sensory Bars, one Velura Textured Spoon, and one set of Precision Tongue Tip Trainer for a complete range of sensory and training activities.
